RG DIFF	0.030	0.030	0.030	0.040	0.040

The new BTU coverstock is Brunswick's newest innovation in our performance enhancing coverstock technology. The new "Better Than Urethane" coverstock offers an old-school urethane ball motion with improved consistency. Combined with our I - Block low differential symmetrical core, the Fanatic BTU offers smoother ball motion so that you can control the pocket with enhanced hitting power on high friction lane conditions.
